# Center for ASD & NDD

*Service Training Advocacy Research*

The UCSF Center for ASD and NDDs represents our commitment to excellent programs in **Service, Training, Advocacy, and Research** within the context of one of the world's leading major academic centers. Our goals are to lead the way to better understanding, treatment, and promotion of well-being for people with autism spectrum disorder (ASD) and other neurodevelopmental disorders (NDDs). Our services for individuals across the lifespan are conducted by teams of trained professionals who, in collaboration with researchers across UCSF and around the world, apply the latest evidenced-based assessments and treatments. We are also dedicated to sharing our knowledge.

If you have questions about the UCSF Center for ASD & NDDs or would like to schedule an appointment, please email [autism@ucsf.edu](mailto:autism@ucsf.edu) [1] or call 415.502.3500
