(REGISTRATION CLOSED) ADOS-2 Introductory & Toddler Module Workshops; July 12th-14th, 2021

Unfortunately, this workshop has reached capacity and we had to close registration. Please check the training homepage for future ADOS-2 training dates, or reach out to ASDtraining@ucsf.edu to be added to our training

email list.

Overview:

The ADOS-2 is an observational assessment used to aid in the assessment and diagnosis of autism spectrum disorders across ages, developmental levels, and language skills. The second edition includes revised algorithms, a new comparison score for Modules 1-3, updated protocols with clearer administration and coding guidelines, and a new toddler module. This training is appropriate for clinical psychologists, psychiatrists, pediatricians, speech-language pathologists, school psychologists, social workers, behavior analysts, and other clinicians/researchers working in ASD assessment.

Prior to attending training, you will need to have access to an ADOS-2 manual and kit. ADOS-2 kits, manuals and protocols are available through Western Psychological Services at 1-800-648-8857 or at www.wpspublish.com [2]. Educational discounts on ADOS-2 materials are available for research use and use in training. Authors of the ADOS-2, receives royalties when people purchase these materials.

VIRTUAL ADOS-2 Introductory Clinical Workshop (Modules 1-4)

Dates and Times: Mon. July 12th & Tue. July 13th, 2021, 8am to 5pm

Prerequisites:

? You will need to have access to an ADOS-2 manual and ADOS-2 protocols (Modules 1-4) for the workshop.

? Pre-course practice videos and articles will be provided to attendees a few weeks prior to the workshop dates.

Registration fee: \$500 (+ optional \$100 CME/CEU fee)

The ADOS-2 introductory/clinical training workshop will use a lecture format and video demonstrations to introduce the basic principles of administering and scoring ADOS-2 modules 1 through 4 and provide an essential step toward competence in using the ADOS-2 as a part clinical assessment and/or for research purposes. Learners will complete the course with a fundamental understanding of modules 1-4, in addition to experience observing and scoring two assessments with the support of a certified trainer.

VIRTUAL ADOS-2 Toddler Module Clinical Workshop

Dates and Times: Wed. July 14th, 2021, 8am to 4pm

Prerequisites:

? You will need to have access to an ADOS-2 manual and an ADOS-2 Toddler Module protocol for the workshop.

? Complete ADOS-2 Introductory Clinical Workshop

Registration fee: \$250 (+ optional \$50 CME/CEU fee)

The ADOS-2 toddler module may be used on children between the ages of 12 and 30 months of age. This workshop will use a lecture format and video demonstrations to introduce the basic principles of administering and scoring the ADOS-2 toddler module and provide an essential step toward competence in using the ADOS-2 as a part clinical assessment and/or for research purposes. Learners will complete the course with a fundamental understanding of the toddler module, in addition to experience observing and scoring an assessment with the support of a certified trainer.
